street, shortly after 10 o'clock last night when five men, with handkerchiefs covering their eyes and mouths, came through the front door and levelled their revolvers at the crowd.

"Put up your hands," said the leader "stick close together and move right on into the back of the store. And don't say a word!"

There were a fer, hysterical sobs from the women and some of the children looked frightened, but all moved into the space at the back and they made little noise. With one man guarding the door and one holding his revolver on the crowd, the other three went through the cash drawer and through the pockets of Max Schiller, who sat in his office in the rear. Schiller was robbed of \$74 and something more than \$1.00 was taken from the cash drawer. Moe Seimar of 400 East Ninety-third street was robbed of \$20.17.

Corporation Counsel O'Brien said yesterday the city would not be content with the 19 per cent reduction in the temporary increase of 20 per cent. in telephone rates awarded last March by the Public Service Commission. The cut in the increase was ordered Friday.

Mr. O'Brien declared the subscribers' station revenues for April amounted to \$3,800,183, as compared with \$2,891,129 for March, "an increase of over 32 per cent."

than they were on March 31, is not ac-curate. I have already shown that the increase was actually 30 per cent., and, if you take 10 per cent, off this rate the result is the present rates are 17 per cent. higher than they were before the commission acted in March of this year."

MOTHER GETS \$24,000 FOR LOSS OF BOY'S FOOT Former Verdict Against Standard Oil Was \$25,000.

A jury before Justice Gannon in the Supreme Court, Queens, returned a verdict of \$24,000 yesterday in favor of Arthur Reilly, 6, of 18 Eighteenth avenue, Long Island City, for injuries received when a truck belonging to the Standard Oil Company ran over his foot a year ago, making amputation necessary. Suit was brought by the boy's mother, Mrs. Eleanor Reilly.

Attorneys for the Standard Oil Company obtained a stay of sixty days in which to try to have the verdict set aside. The case was tried once before and a verdict of \$25,000 rendered in favor of the boy. An appeal was taken to the Appellate Division and the verdict set aside, but the Court of Appeals, on application fro mthe attorneys for the boy, ordered a new trial.

The damage was about \$10,000. More than thirty men and women em-
